

## DICK STORRO

Vice President  
**Avista Corp.**

Vice President for  
Energy Resources  
**Avista Utilities**

Dick Storro is vice president of Avista Corp. and vice president for energy resources for Avista Utilities. He joined Avista in 1973 and has held management positions in engineering, operations, generation and transmission. Prior to his current appointment, Storro served as president of Avista Ventures, a renewables development subsidiary of Avista Corp.

Storro is past chairman of the board of Goodwill Industries of the Inland Northwest. He currently serves on the board, as well as the board's audit and planning and community development committees.

Storro holds a bachelor's degree in physics from the College of Idaho and a bachelor's degree in electrical engineering from the University of Idaho.
